

Dear Parent / Carer,

Please find enclosed useful information on how your child can prepare for their KS2 Mathematics SATs whether they are in Year 5 or 6, using resources available on the school website at

<http://www.stannescatholicprimary.com/year-6-4/>. For Year 6, there are topic boosters and past papers with video tutorials to help target specific weaknesses. The resources can be used on PCs, laptops, tablets and mobile phones via the website. Students who have used the resources in the last couple of years have said how it has helped them understand and be more successful in their maths. For Year 5, there is a mini-maths (less than 5 minute) video for every day of the year to help establish a daily routine and thinking-outside-the-box puzzles.

We will be running a workshop for parents and carers. The aim of this workshop will be to go through some of the resources and discuss how they will impact on your child's maths skills. We will also answer any questions you have regarding SATs. These workshops will be available..... and children are welcome to attend.

Go to the school website on PC, laptop, tablet or phone.

BODMAS	COLUMN METHODS	DECIMALS	DIVISION	NEGATIVE NUMBERS	PERCENTAGE	PLACE VALUE	ROUNDING
01	02	03	04	05	06	07	08
09	10	11	12	13	14	15	16
17	18	19	20	21	22	23	24
25	26	27	28	29	30	31	32
