Once again Bikeability came into school to deliver cycling lessons to the children in Years 5 & 6. The children took part in earn to ride sessions to Level 1 & Level 2.

## Bikeability Level 1 Teaches You:

Maintain your cycle: make sure your ride is in tip-top condition and make simple repairs

Glide: smooth, calm and collected

**Control your bike:** including setting off, cruising, slowing down, braking and stopping. You'll even learn to pedal one handed!

Pedal: without feeling wobbly or out of control

Be aware of your surroundings: looking behind and turning around obstacles

## Bikeability Level 2 Teaches You To:

Start and stop with more confidence Pass stationary vehicles parked on a road Understand the road: signals, signs and road markings

Negotiate the road: including quiet junctions, crossroads and roundabouts Share the road with other vehicles

## Catholic Life

We are delighted to announce that we have achieved our Live Simply Award, a recognition of our commitment to living simply, in solidarity with others, and sustainably. The feedback from our assessment highlighted the many ways we are embracing these values in our parish and community. From reducing waste and energy consumption to supporting those in need and caring for creation, we have taken meaningful steps to put our faith into action. This achievement is a testament to the dedication of our school community, and we are grateful to everyone who has contributed to this journey.

As we celebrate this milestone, we are also reminded that our mission does not end here. Living simply is an ongoing commitment, and we encourage everyone to continue finding ways to make a positive impact. Whether it's through small everyday choices, acts of kindness, or larger initiatives, we can all play a part in caring for God's creation and supporting one another. Let us remain inspired by the principles of the **Live Simply** movement and deepen our efforts to build a more just and sustainable world, rooted in our Catholic faith.
